

Cookie Information

Updated July 2024

AU Vault Limited (we / us / our) is the owner and operator of www.auvault.com and all associated websites (including any subsequent or replacement URLs) ("**Our Website**"). Our Website uses cookies to distinguish you from other users of our Website. This enables us to ensure our Website works, helps us to provide you with a good experience when you use our Website and also allows us to improve our Website and related services.

A cookie is a small file of letters and numbers that we store on your browser or the hard drive of your computer to make your user experience on our Website, and the provision of services by us, easier and quicker. For instance, cookies may be used to remember your log in details to help you access our platform. Cookies are not dangerous and are not viruses – they do not cause any damage to your computer, tablet or mobile device.

Types of Cookies

The law distinguishes between "strictly necessary" cookies, such as those which enable websites to operate properly and those which are not strictly necessary, such as analytics cookies. Analytics cookies, and especially third-party analytics cookies, are commonly used as ways for third parties to keep records of individuals' browsing histories.

We can use strictly necessary cookies (and place on your device) without your consent as long as we tell you about it. For all other cookies we require your express consent.

We have set out this "cookie banner" on our Website, which lets you pick to accept to receive these "non-necessary" cookies or not.

Important information about cookies

Please note that third parties (including, for example, advertising networks and providers of external services like web traffic analysis services) may also use cookies, over which we have no control. These cookies are likely to be analytical cookies or marketing cookies.

How do I change my cookie settings?

Most web browsers allow some control of most cookies through the browser settings. You block cookies by activating the setting on your browser that allows you to refuse the setting of all or some cookies. However, if you use your browser settings to block all cookies (including essential cookies) you may not be able to access all or parts of our Website.

To find out more about cookies, including how to see what cookies have been set, visit www.aboutcookies.org or www.allaboutcookies.org.

To opt out of being tracked by Google Analytics across all websites, visit <http://tools.google.com/dlpage/qaoptout>.
